MEMORANDUM FOR: Mr. James Q. Reber
TALENT Control Officer
CIA

Subject: Request for Clearance Approval

1. The Director for Intelligence, J-2, Joint Staff, has requested that the following additional TALENT positions be authorized for the JCS:

- a. All members of the J-2 Plans and Policy Branch.
- b. Secretaries to the Director for Intelligence and Chief, CID, J-2.

2. Members of the Plans and Policy Branch, J-2, are becoming increasingly involved in committees and meetings in which TALENT access is required. An example of this is the ELINT committee, in which both primary and alternate members are required by directive to be TALENT-cleared. Representatives for the ELINT committee from J-2 are selected from the Plans and Policy Branch.

3. The increasing scope of responsibility of The Joint Staff demands that additional administrative support be available to support programs and projects generated by the TALENT program. The secretary to the Director for Intelligence and secretary to the Chief, Current Intelligence Division, will provide this additional administrative support. Currently there is one secretary cleared to prepare TALENT papers (Mrs. Wells). Approval of this request will increase to three the number of secretaries cleared for handling preparation of TALENT papers. What with greatly increased administrative support required by the increasing participation of such agencies as WSEG, ARPA, etc., the requirement for additional cleared secretaries has become increasingly apparent in recent weeks.

4. It is therefore requested that the following additional J-2 TALENT billets be approved for JCS, as indicated by name below:
